Value Proposition

Real-Time Exploration

Explore any city from anywhere, no matter where you are or your situation.

Fun Exploration

Join virtual tours and games for a playful and enjoyable way to explore.
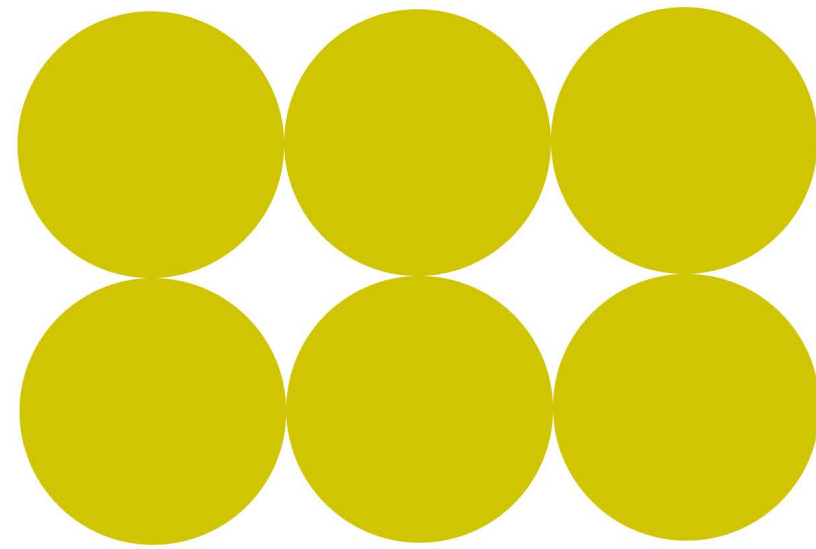

Easy Access

See cities live with updates on what's happening, the weather, and how the city is changing.

Learn and Discover

Understand city history, culture, and buildings in a fun and interactive way.
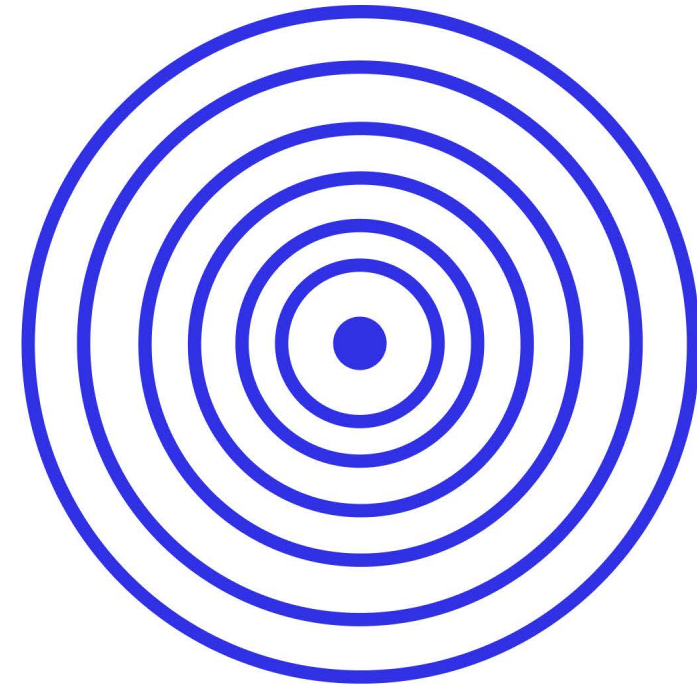

How Does it work

Data Integration

Mixes live data, user input, and future predictions to keep the virtual environment always up-to-date.

User Interaction

Enjoy virtual tours, quests, and chatting for a lively exploration experience

How Does it work

Adaptive Learning

Learns from what you like and do to suggest new and interesting places

Real Feel

Uses AR/VR for a truly immersive experience, making you feel like you're really exploring the city.

Target Audience

Travel Lovers

Explore cities beforehand or experience places they can't visit.

Educational Institutions

Schools and universities offering interactive cultural and urban learning experiences.
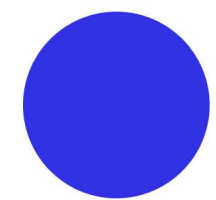

Urban Planners & Researchers

Professionals needing current, detailed urban information for projects.

Gamers & Tech Fans
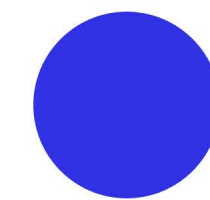

Users keen on gamified exploration and the latest AR/VR tech.
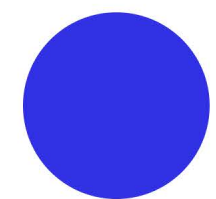

Business Model

Revenue Streams

Subscriptions
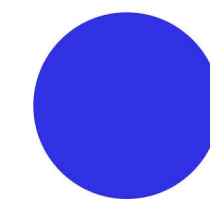

Premium subscriptions for exclusive features.

Partnerships

Icon of a lock/unlock, showcasing exclusive content.

In-App Purchases

Virtual goods, extra features, or special city experiences.

Opportunities

Explore new markets, collaborations, and tech advancements.
